Dear Marsha,

It was so nice of all those fine young people to send me comments so pleasing to read on their cards! Please thank them all for me.

Some of the students expressed an interest in seeing my files. They are welcome, at any mutually convenient time.

The records I obtained under FOIA are in the basement and sometimes it is pretty cool down there.

This is the only time I've appeared before a deaf audience. I was impressed by the fact that I really did not have to slow down for them and by the speed and qqccuracy with which those who could hear communicated what I said to those who could not.

They were a very good audience, and that is something any speaker appreciates. I certainly did!

Thanks and best wishes to all of you,

Sincerely,

Harold Weisberg
